

THURSDAY MAY 7TH 2015 ELECTION DAY

Who do you TRUST to lead this country?

Year 6 led the elections at English Martyrs School representing the main political parties. It was a lively and active election with the children becoming increasingly more passionate and engaged. After the presentations all the children in the school voted and

LABOUR was the winner! The year 6 children worked really hard at putting together their presentations and they had a good understanding at what they felt were the important issues to the country.
