

English Martyrs Catholic Primary School
"where everyone is special"

P10: Special Educational Needs Policy

Mission Statement

With Christ at the heart of our Catholic community,
our mission is to:

- ✘ nurture the potential in each individual,
- ✘ celebrate achievement,
- ✘ and develop an awareness of service
to God and each other

Adopted by the school: September 2017

Review: September 2018

Aims

We aim to provide every child with access to a broad and balanced education. This includes the National Curriculum in line with the Special Educational Needs Code of Practice, 2014.

Objectives

- Staff members seek to identify the needs of pupils with SEND as early as possible. This is most effectively done by gathering information from parents, education, health and care services and early years settings prior to the child's entry into the school.
- The progress of all pupils is monitored in order to aid the identification of pupils with SEND. Continuous monitoring of those pupils with SEND by their teachers will help to ensure that they are able to reach their full potential.
- Appropriate provision is made to overcome all barriers to learning and ensure pupils with SEND have full access to the National Curriculum. This will be co-ordinated by the SENCO and Head Teacher and will be carefully monitored and regularly reviewed in order to ensure that individual targets are being met and all pupils' needs are catered for.
- The school works with parents to gain a better understanding of their child, and involve them in all stages of their child's education. This includes supporting them in terms of understanding SEND procedures and practices and providing regular feedback on their child's progress.
- The school works with and in support of outside agencies when the pupils' needs cannot be met by the school alone. Some of these services include the Specialist Teaching Service (STS), Integrated Disability Service (IDS), Educational Psychology Service, Speech and Language Therapy, and the Children and Adolescent Mental Health Service (CAMHS).
- A school environment is fostered where pupils can contribute to their own learning. This means encouraging relationships with adults in school where pupils feel safe to voice their opinions of their own needs, and carefully monitoring the progress of all pupils at regular intervals. Pupil participation is encouraged through school by wider opportunities such as school council, residential visits, school plays, sports teams and peer mediators in the playground.

Responsibility for the coordination of SEND provision

- The person responsible for overseeing the provision for children with SEND is Mrs Gillian Deery, (Head Teacher)
- The person co-ordinating the day to day provision of education for pupils with SEND is Miss Claudia Pichon [SENCO]
- The governing body is responsible for overseeing the provision of education for pupils with SEND in their role as the school's responsible body

Arrangements for coordinating SEND provision

The SENCO will hold details of all SEND records for individual pupils. All staff can access:

- A copy of the full SEND Register
- Guidance on identification of SEND in the Code of Practice 2014
- Information on individual pupils' special educational needs, including pupil profiles, targets set and copies of their provision map
- Practical advice, teaching strategies, and information about types of special educational needs and disabilities
- English Martyrs Primary School SEND Policy
- Information available through Warwickshire's SEND Local Offer

Admission arrangements

Please refer to the information contained in our school prospectus. The admission arrangements for all pupils

are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND, those with Education, Health and Care Plans and those without.

Specialist SEN provision

We are committed to whole school inclusion. In our school we support children with a range of special educational needs. We will seek specialist SEND provision and training from SEND services where necessary.

Facilities for pupils with SEN

The school complies with all relevant accessibility requirements. Please see the school accessibility plan for more details

Allocation of resources for pupils with SEN

All pupils with SEND will have access to Element 1 and 2 of a school's budget which equates to £6,000. Some pupils with SEND may access additional funding. For those with the most complex needs, additional funding (High level needs HLN) is retained by the local authority. The SENCO will refer individual applications to a multi-agency panel, which is administered by the Local Authority, who will determine whether the level and complexity of need meets the threshold for this funding. It would then be the responsibility of the Head Teacher, SENCO, Senior Leadership Team and governors to agree how the allocation of resources is used.

Meeting a pupil's needs

In line with the SEND Code of Practice 2014, we offer a graduated approach to meeting the needs of each pupil:

Universal Provision: describes a range of support that is available to all learners.

Targeted Provision: describes what some learners will receive if they do not make expected progress with Universal Provision

Higher Needs Provision: describes the extra types of support that a few learners might receive if Targeted Provision does not enable them to make consistent progress. Higher Provision is divided into four sections: Communication and interaction; cognition and learning; social, emotional and mental health difficulties; sensory and/or physical needs.

In order to identify children who may need additional support and provide for this, these steps are followed:

- a) Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- b) Once a pupil has been identified as possibly having SEND they will be closely monitored by staff in order to gauge their level of learning and possible difficulties.
- c) The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.
- d) The SENCO will be consulted as needed for support and advice and may wish to observe the pupil in class.
- e) Through (b) and (d) it can be determined which level of provision the child will need going forward.
- f) If a pupil has recently been removed from the SEN register they may also fall into this category as continued monitoring will be necessary.
- g) Parents will be informed fully of every stage of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
- h) The child is recorded by the school as being under observation due to concern by parent or teacher but this does not automatically place the child on the school's SEND register. Any concerns will be discussed with parents informally or during parent's evenings.
- i) Parent's evenings are used to monitor and assess the progress being made by children.
- j) All teachers aim to make classroom provision as accessible as possible, in line with best practice.

SEND Support

Where it is determined that a pupil does have SEND, parents will be formally advised of this and the decision will be added to the SEND register. The aim of formally identifying a pupil with SEND is to help school ensure that effective provision is put in place and so remove barriers to learning. The support provided consists of a four-part process:

- Assess
- Plan
- Do
- Review

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are the most effective in supporting the pupil to achieve good progress and outcomes.

Assess

This involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views and, where relevant, advice from external support services will also be considered. Any parental concerns will be noted and compared with the school's information and assessment data on how the pupil is progressing.

This analysis will require regular review to ensure that support and intervention is matched to need, that barriers to learning are clearly identified and being overcome and that the interventions being used are developing and evolving as required. Where external support staff are already involved, their work will help inform the assessment of need. Where they are not involved, they may be contacted, if this is felt to be appropriate, following discussion with and agreement from parents.

Plan

Planning will involve consultation between the teacher, SENCO and parents to agree the adjustments, interventions and support that are required; the impact on progress, development and or behaviour that is expected and a clear date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff, will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought.

Do

The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class teacher. They will work closely with teaching assistants and to plan and assess the impact of support and interventions and links with classroom teaching. Support with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support will be provided by the SENCO.

Review

Reviews of a child's progress will be made regularly. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and where necessary their parents. The class teacher, in conjunction with the SENCO, will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents and the pupil.

Referral for an Education, Health and Care Plan (EHCP)

If a child has lifelong or significant difficulties, they may undergo a Statutory Assessment Process which is usually requested by the school but can be requested by a parent. This will occur where the complexity of need or a lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required.

The decision to make a referral for an Education, Health and Care Plan will be taken at a progress review. The application for an Education, Health and Care Plans will combine information from a variety of sources including parents, teachers, the SENCO, social care, and health professionals. Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people from education, health and social care about whether or the child is eligible for an EHC Plan. Parents have the right to appeal against a decision not to initiate a statutory assessment leading to an EHC Plan.

Further information about EHC Plans can found via the SEND Local Offer: www.warwickshire.gov.uk

Education, Health and Care Plans (EHCP)

Following Statutory Assessment, an EHC Plan will be provided by Warwickshire County Council, if it is decided that the child's needs are not being met by the support that is ordinarily available. The school and the child's parents will be involved developing and producing the plan. Parents have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the Plan if it differs from their preferred choice. Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

Access to the curriculum, information and associated services

Pupils with SEND will be given access to the curriculum through the specialist SEND provision provided by the school as is necessary, as far as possible, taking into account the wishes of their parents and the needs of the individual. Every effort will be made to educate pupils with SEND alongside their peers in a mainstream classroom setting. Where this is not possible, the SENCO will consult with the child's parents for other flexible arrangements to be made. Regular training and learning opportunities for staff on the subject of SEND and SEND teaching are provided both in school. Staff members are kept up to date with teaching methods which will aid the progress of all pupils including those with SEND. In class provision and support are deployed effectively to ensure the curriculum is differentiated where necessary. We make sure that individual or group tuition is available where it is felt pupils would benefit from this provision. We set appropriate individual targets that motivate pupils to do their best, and celebrating achievements at all levels.

Inclusion of pupils with SEN

The Head Teacher and SENCO oversee the school's policy for inclusion and are responsible for ensuring that it is implemented effectively throughout the school. The school curriculum is regularly reviewed to ensure that it promotes the inclusion of all pupils. This includes learning outside the classroom. The school will seek advice, as appropriate, around individual pupils, from external support services throughout the year. Where a behavioural incident warrants exclusion, school has a duty to inform the governors and Local Authority.

Evaluating the effectiveness of provision

In order to make consistent continuous progress in relation to SEND provision, the school encourages feedback from staff, parents and pupils throughout the year. This is done in the form of an annual parent and pupil questionnaire, discussion and through progress meetings with parents. Pupil progress will be monitored on a termly basis in line with the SEND Code of Practice. SEND provision and interventions are recorded on an individual provision map, which is updated when the intervention is changed. These are updated by the class teacher and are monitored by the SENCO. These reflect information passed on by the SENCO at the beginning of an academic year and are adapted following assessments. These interventions are monitored and evaluated

termly by the SENCO and information is fed back to the staff, parents and governors. This helps to identify whether provision is effective.

Complaints procedure

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the Head Teacher or SENCO, who will be able to advise on formal procedures for complaint. The complaints policy is also available on the school website, or on request from the school.

In-service training (CPD)

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of pupils with SEND. The SENCO attends relevant SEND courses, Family SEND meetings and facilitates/signposts relevant SEND focused external training opportunities for all staff. We recognise the need to train all our staff on SEND issues and we have funding available to support this professional development. The SENCO, with the senior leadership team, ensures that training opportunities are matched to school development priorities and those identified through the use of provision management.

Links to support services

The school continues to build strong working relationships and links with external support services in order to fully support our SEND pupils and aid school inclusion. Sharing knowledge and information with our support services is key to the effective and successful SEND provision within our school. Any one of the support services may raise concerns about a pupil. This will then be brought to the attention of the SENCO who will then inform the child's parents.

Working in partnerships with parents

English Martyrs Primary School believes that a close working relationship with parents is vital in order to ensure:

- a) Early and accurate identification and assessment of SEND leading to appropriate intervention and provision
- b) Continuing social and academic progress of children with SEND
- c) Personal and academic targets being set and met effectively

In cases where more frequent regular contact with parents is necessary, this will be arranged based on the individual pupil's needs. The SENCO may also signpost parents of pupils with SEN to the local authority Parent Partnership service where specific advice, guidance and support may be required.

Links with other agencies and voluntary organisations

English Martyrs Primary School invites and seeks advice and support from external agencies in the identification and assessment of, and provision for, SEND. The SENCO is the designated person responsible for liaising with the following:

- Warwickshire Education Psychology Service
- Specialist Teaching Service (STS)
- Social Services (Early Help leader also liaises)
- Speech and Language Service
- Language and Learning Support Service
- Integrated Disability Service

In cases where a child is under observation or a cause for concern, focused meetings will be arranged with the appropriate agency.
